NEW FEATURE!
Now **100%** of the percentage given back to CCS will go in your own account, so instead of splitting it with CCS, it is all yours for your tuition bill! Check the Raise Right website for how much each vendor gives back!

HOW IT WORKS:

Step One: Purchase gift cards from over 550 companies through the Raise Right program (website, app, or on paper), and they will be delivered to your digital wallet. Actual gift cards will be delivered to the school office.

Step Two: Vendors will give back a percentage of the purchase, **100%** of which will go into an account that you may direct toward re-enrollment or curriculum fees, or your tuition bill! Just let us know where to apply the funds. It is that simple!
